1 Introduction

This document is the control document for specifying the assigning of Object Identifiers (OID) under the TrustFactory OID arc.

TrustFactory is the owner of the OID arc: {iso(1) identified-organization(3) dod(6) internet(1) private(4) enterprise(1) trustfactory(50318)} – 1.3.6.1.4.1.50318

TrustFactory uses its base arc to identify CPs, CPSs, Certificate profiles and other documents based on the following hierarchy:

2 Object Identifiers Assigned to CP Documents

TrustFactory assigns the OID arcs for its CP documents under version control as follows:

OID	Document Type
1.3.6.1.4.1.50318.1	TrustFactory CA Certificate Policy

3 Object Identifiers Assigned to CPS Documents

TrustFactory assigns the OID arcs for its CPS documents under version control as follows:

OID	Document Type
1.3.6.1.4.1.50318.2.1	TrustFactory SSL Root CA Certificates Practice Statement
1.3.6.1.4.1.50318.2.2	TrustFactory Client Root CA Certificates Practice Statement
1.3.6.1.4.1.50318.2.3	TrustFactory SSL Issuing CA Certificates Practice Statement
1.3.6.1.4.1.50318.2.4	TrustFactory Client Issuing CA Certificates Practice Statement

4 Object Identifiers Assigned to Certificates types

TrustFactory organizes the OID arcs for its various Certificate types as follows:

OID	Certificate Type
1.3.6.1.4.1.50318.3.1	AATL compliant certificates
1.3.6.1.4.1.50318.3.2	SAAA AES compliant certificates
1.3.6.1.4.1.50318.3.3	EV SSL Certificates
1.3.6.1.4.1.50318.3.4	Code signing Certificates
